

**GENERAL PSYCHOLOGY (PSYC 210)**

**Extra Credit Assignment**

Clara B. Jones, Ph.D.

Search the “Divisions” section of the American Psychological Association (APA) website ([www.apa.org](http://www.apa.org)) or your class notes and decide **which area of Psychology would interest you most if you were planning to pursue a doctorate degree (i.e., Ph.D., Psy.D., or Ed.D.) in Psychology IN AN AREA OF PSYCHOLOGY OTHER THAN COUNSELING OR CLINICAL PSYCHOLOGY after graduating from FSU.**

Search several universities on the Internet and decide upon a school that you would like to attend. Write a 5 page paper discussing why the particular area of Psychology would interest you, what you would want to do with a career in that sub-discipline of Psychology, and why you selected the graduate school you did. Also discuss whether you might consider pursuing this path after graduating from FSU. Why? Why not? Include any additional information, including citations if you wish, that you think would actualize this assignment.
